Dane Bonnigson

AI Agent Enablement · AI Products · People Leadership

(419) 656-5760 | dbonnigson@gmail.com | linkedin.com/in/dane-bonnigson | danebonnigson.com/sonos

PROFESSIONAL SUMMARY

People leader and hands-on AI builder. Led a full school staff from 0% to 86% daily AI use in 15 months, then built AI products that are in use today: an AI screening agent that routes uncertain cases to a person, an AI video editor through 20+ releases, client training and research, and 3 App Store apps. 8 years leading staff; MBA; M.Ed. in Educational Technology.

CORE SKILLS

AI Agent Design & Human Escalation | AI Quality Testing | Source-Grounded Guardrails | Prompt & Conversation Design | Product Ownership & Releases | KPIs & Dashboards | Change Management & Adoption | People Leadership & Coaching | Executive & Stakeholder Communication | Vendor Evaluation & Rollout

PROFESSIONAL EXPERIENCE

Founder, AI and Business Consulting | PalmettoGroup.AI *Aug 2025 – Present*

- **Decision Desk.** Lead sources (SAM.gov, Grants.gov, web research, inbound) were too many to review by hand. Built an AI agent that scores each lead with a confidence level; code makes the final call and low-confidence cases go to a person. Reused the engine to screen job postings.
- **EDITRON.** Needed a faster way to turn raw recordings into finished videos. Built an AI editor that makes the cuts and renders captions, chapters and shorts, with guardrails: one-folder access, nothing posts without review, bystanders' faces blurred. In use through 20+ releases.
- **Workplace Safety Training.** A fire-safety company needed pre-class training. Delivered three e-learning courses checked against OSHA 29 CFR 1910.157(g) and 1910.38.
- **Market Review & SEO Audit.** A young local service company didn't know where it stood online. Delivered a graded SEO scorecard, eight-competitor review and 90-day plan, with every finding sourced.
- **3 iPhone apps live on the App Store:** Gains in Progress (fitness tracking), F3 Q Sheet (workout planning for F3 leaders) and NowNext (ADHD-friendly to-do list sorted by energy level).

Principal | Western Reserve Middle School, Collins, OH *Jul 2023 – Aug 2025*

- Led AI adoption from 0% to 86% daily use across staff in 15 months, saving 12+ hours a week; built and shared AI tools with teachers and advocated for AI use with upper administration.
- Raised a bottom-5% school to state average in two years with a data-driven strategy.
- Built a school-wide accountability system: 99.98% completion across 86,779 tracked assignments.
- Ran the IXL vendor evaluation and rollout from pilot to district-wide; redesigned the master schedule, raising staff collaboration time 40%.

Virtual Learning Academy Coordinator | Woodmore Schools, Elmore, OH *Jul 2017 – Jun 2023*

- Supervised the grading teachers, including their pay; trained all staff and graders on the LMS with ongoing support.
- Scaled K-12 online learning from 100 to 1,000 students by selecting and implementing a vendor platform.
- Built staff self-service support and a live Excel dashboard for stakeholders; kept graduation above 93% (Grade A).

Teacher, Computing, Business, History & Communication | Woodmore Schools, Elmore, OH *2004 – 2017*

- Created 20+ courses; taught HTML, CSS, Python and Adobe Creative Suite.

Co-Founder | The Dogwood Company, LLC, Bowling Green, OH *Oct 2017 – May 2022*

- Led market research, positioning and pricing models; managed LLC formation, retail contracts and vendors.
